Non-Responsive Amendment

The reply filed on 1/5/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has drafted new claims that are different in scope than those claims examined in the first office action. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Election by Original Presentation

Newly submitted claims 18-30 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Newly submitted claims 18-30 require a first input unit comprising a touch panel for inputting information written by a lecturer on the touch panel by detecting positions at which the lecturer touches the touch panel, obtaining coordinates of the detected positions and outputting coordinate information corresponding to the detected positions that is not required in the invention originally claimed.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 18-30 are withdrawn from consideration

as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
